## BIG HOLIDAY MAIL

FOREIGN MAILS BREAK  
ALL FORMER RECORDS.

Single Steamships Carry As Many As Two Thousand Bags of Mail—Institution of the Parcel Post Has Been an Enormous Stimulation to the Volume—England, Germany, Scandinavia and Italy Principal Destinations.

New York, Dec. 16.—The last of the trans-Atlantic mail that will reach the other side in time for Christmas distribution goes on the steamships leaving port today and tomorrow. Employees of the postoffice foreign department express the opinion that the rush this year has been the largest on record. On single steamships that have sailed this week there have been no less than 2000 bags of mail. These contained many thousands of registered packages in addition to the regular mail.

The chief center of activity during the last 10 days has been the foreign postoffice at West and Morton streets. Here the mail is sorted according to destination and thence taken to the steamships in wagons furnished by the steamship companies. To get all the mail aboard one of the big liners before it sails is a task accompanied by much difficulty. During the past week it has been found necessary to work day and night getting the mail on board and in more than one instance the last bag has been carried up the plank just before the signal for departure has been given.

The fact that the parcels post system has been established between the United States and several of the European countries during the last year or two has helped greatly to increase the volume of foreign mail at Christmas time.

The most of the Christmas presents sent abroad from this country are destined for England and Germany. Other countries, however, including Ireland, France and the Scandinavian countries, receive thousands of letters and parcels from America at this time each year. A large proportion of the letters sent abroad contain money orders from persons in this country to relatives in their old homes. This is especially true of the mail matter sent to Italy and to Norway and Sweden. In the case of Germany, England and France the interchange of gifts is more common.

### "THE FATAL SCAR"

Famous Missouri Ex-Bandit Coming to Pendleton.

The big scenic production, introducing Frank James, "the man who never broke a promise," will be given a first performance in this place Tuesday, December 20.

It is different from the ordinary drama, for the reason that it is not only bubbling over with the most delightful and natural sentiment, as tender as it is true, but at the same time the scenes and incidents, which are true to life have been brought together in the most dramatic and effective manner.

Those who have witnessed the production of the story say that the action is swift moving, carrying the interest of the spectator from one incident to another with, at times, bewildering rapidity, and then, just as a mountain stream, after dashing down a steep declivity, all roar and excitement, will suddenly rush into a sheltered nook, and then glide on with tender murmuring, so does the robust and melodramatic elements suddenly blend themselves into the purest and most refined sentiment.

It is produced by a most excellent cast and will be given the most sumptuous, as well as artistic investitures.
